

Delivering the **ULTIMATE** in **GUITAR TONE TECHNOLOGY**

Public Price List

X100M "Modern" 3 Channel Amplifier

100w of pure, modern tube tone. 3 channels: Clean, Crunch e Lead, that open up a vast variety of usable tones from a sparkling clean all the way to an aggressive distortion so hot it can melt steel. You choose EL34 or 6L6 tubes.

€2590 (EL34) €2690 (6L6)

X100M "Classic" 3 Channel Amplifier

100w of pure classic british tube tone. 3 channels: Clean, Crunch e Lead, all three with the now famous masotti character, dynamics and transparency. 7x 12AX7, 4 x EL34, tube-based effect loop, MIDI controllable.

€2590

M1 Single Channel Tube Amplifier

Pure tube tone with a versatile single channel, this amp is optimized for those who love simplicity or who prefer working with pedals and effects. Equipped with EL34 tubes available in 50w or 100w versions.

€1790 (50W) €1990 (100W)

X3M 3 Channel Rack Preamplifier

Setting a new standard for rack mounted preamps. Pure, transparent, harmonically rich tone in three completely separated channels.

€1890

Slave Series Poweramp

100w of pure tube tone, and built to make your rig sound its absolute best. It's the perfect compliment for the X3M preamp or to have a stereo X100M.

€1190

X412M Cassa

What's better to render the awesome tones of Masotti amps? The X412M half-stack cabinet!
